

Winsen Cristiano Sun

Computer Science Student

winsen.sun@binus.ac.id | linkedin.com/in/winsen-cristiano-sun-86b908321

PROFESSIONAL SUMMARY

Computer Science student at BINUS University with coursework in computer vision, deep learning, web development (Laravel), and cloud computing. Co-author of an IEEE-format research paper on AI-based beef freshness detection. Experienced in academic writing, data collection, and teamwork through group projects and university community service.

EDUCATION

BINUS University – Bachelor's Degree in Computer Science | 2024 – Present

Relevant coursework: Computer Vision, Deep Learning, Web Development (Laravel), Cloud Computing (Google Cloud Platform), Databases

TECHNICAL SKILLS

- **Web Development:** Laravel, PHP, Blade, Git
- **AI / Computer Vision (coursework and research):** Computer vision, deep learning, image dataset collection
- **Cloud and Databases (coursework):** Google Cloud Platform fundamentals, Oracle database fundamentals
- **Research and Writing:** IEEE paper formatting, academic writing, research posters (Canva)
- **Languages:** Indonesian, English (IELTS 6.5), Mandarin (HSK Level 5)

PROJECTS

Beef Freshness Detection Using Computer Vision | Research Paper, Team of 4

Computer Vision, YOLOv8, TensorFlow Lite, IEEE Format

- Second author of the IEEE-format paper "Implementation of Computer Vision for AI-Based Beef Freshness Detection", a mobile deep learning system that classifies beef as Fresh, Half-Fresh, or Spoiled.
- Contributed to paper writing and data collection for a dataset of 5,738 beef images.
- Study compared YOLOv5, YOLOv8, YOLOv11, and YOLOv12; YOLOv8 performed best and was converted to TensorFlow Lite for offline mobile use.

Library Management System | Group Project

Laravel, PHP, Blade, Git

- Developed the book search, pagination, and book detail pages of a Laravel-based library management web application.
- Collaborated with teammates using Git, including resolving merge conflicts.

CERTIFICATIONS

- **Google Cloud Computing Foundations Certificate** – Google Cloud, June 2026
- **Databases for Developers: Foundations** – Oracle Dev Gym, certificate of completion
- **IELTS** – Score 6.5
- **HSK Level 5** – Chinese language proficiency test

COMMUNITY SERVICE

BINUS University Community Service | 2024 – 2026

- Participated in a hydroponic education session at Panti Asuhan Maranatha (March 2026).
- Participated in a tree planting activity at TAHURA Bandung (October 2025).
- Contributed to a Citarum river cleanliness project and a Youth Revival Bandung case study.
